

Sonata DV30 DVD player

- Upscaling 1080p capable HDMI DVD player with high specification chipset for premium video reproduction including multiple video outputs.
- A Digital to Analogue converter IC from Wolfson ensures audiophile replay of DVD and CD soundtracks.
- Both 2.1 analogue and digital bitstream audio outputs for either a true 2 channel audio experience with the matching

Sonata receiver or connection to an AV receiver for the full surround sound experience.

- Custom designed metal chassis only 270mm wide and an all new brushed aluminium front panel finishes off this premium system adding stunning looks and impressive build quality.
- DivX/MP4 playback compatibility including DivX Video On Demand

Detailed Specifications

Disc types	CD(CD- DA), DVD-V, CD-R/RW, DVD-R/RW, DVD+R/RW, DivX, MP4
D/A converter	Wolfson Microelectronics WM8746 24-Bit/192kHz capable
Analogue audio outputs	2.1: Stereo + Subwoofer Stereo LPCM or downmix from Dolby PLII/IIx, Dolby Digital 5.1/EX 6.1
Analogue video outputs	Composite Video (CVBS) S-Video (SVHS) RGB/SCART Component (YCbCr or YPbPr)
HDMI output	Scaling/Deinterlacing to 480p, 576p 720i, 720p, 1080i, 1080p
THD (unweighted)	<0.01% @20Hz-20kHz
S/N ratio	<-98dB
Crosstalk @ 1kHz	<-80dB @ 1kHz
Frequency response	5Hz – 20kHz ±0.2dB
Composite video	1.0V pk-pk (75 ohms)
S-Video	Y: 1.0V pk-pk (75 ohms) C: 0.286V pk-pk (75 ohms)
Component video	Y: 1.0V pk-pk (75 ohms) Cb/Cr : 0.75V pk-pk (75 ohms) Pb/Pr: 0.75V pk-pk (75 ohms)
Power supply	100-230V AC ~50/60Hz
Max. power consumption	15W
Dimensions (H x W x D)	67 x 270 x 285mm
Gross weight (boxed)	3.7kg (8.1lbs)
Net weight (unboxed)	2.3kg (5.1lbs)
